

Pellikaan

DESIGN • BUILD • OPERATE

Dear Neighbour,

Please may we introduce ourselves as Pellikaan Construction Limited, Principal Contractor for the new Deal Leisure Centre.

We are extremely proud to be working with Dover District Council and Alliance Leisure on taking this exciting new project into the next stages of development.

We will be looking to start some early enabling works in a couple of weeks to allow easier access to the existing and retained facilities such as the Tennis Centre, Sports Hall and Gym. These works will be internal changes to the reception area with a new accessible path to the side of the main entrance, leading to a new reception area.

Works will be very unobtrusive and occur Monday to Friday between 8am and 5pm and on Saturday between 8am and 1pm. They will always be conducted in consideration for not only the members of the centre, but for all parties including the Family Hub and users of the Padel facility and Skate Park. There will be times where we will have to partially restrict access, but these dates will be agreed and made known weeks in advance.

Once these initial enabling works are undertaken, an environmentally friendly hoarding will be installed, starting with the old Nursery building to allow the development to continue safely. More of this in the next newsletter available on Dover District Council's website at www.dover.gov.uk/newdealleisurecentre.

Please feel free to email us directly on info@pellikaan.com or call us on 0208 392 9536.

Here's to a great project for the whole community!

Kind regards,

Andrew Laslett
Project Manager
