

# Pellikaan

DESIGN • BUILD • OPERATE

Dear Neighbour,

We are writing to you to inform you of progress on the new leisure centre.

Pre-ground works investigations and the ground improvement works have all gone to plan, now the business of groundworks begins.

You may have noticed increased activity on site, courtesy of our ground working specialists, as they start to form the foundations for the new building, whilst also excavating the main pool.

Whilst the groundworks begin, we are hard at work behind the scenes with detailed design on the roof and wall structures, procuring these packages in good time to allow an unhindered construction progression.

Our online delivery management system is fully operational, so all deliveries are carefully orchestrated to arrive on time and cause no inconvenience to users of the existing leisure centre or neighbouring properties.

We are also pleased to inform you that as part of who we are and in conjunction with our client and the Considerate Constructors Scheme we are looking to become engaged with various local schools and businesses to keep the feeling local and inclusive.

Please feel free to email us directly on [info@pellikaan.com](mailto:info@pellikaan.com) or call us on 0208 392 9536.

Yours Sincerely,  
Andrew Laslett.
